

medicare

Application for a Medicare provider number and, or prescriber number for a medical practitioner (HW019)

When to use this form

Use this form if you are an eligible medical practitioner and would like to apply for an initial or subsequent Medicare provider number and/or a prescriber number.

To find out if you are eligible to register, claim or access Medicare services, go to servicesaustralia.gov.au/hpmedicarebenefits

Applying online using Health Professional Online Services (HPOS)

Use HPOS to create subsequent locations when you have an existing provider number and there are no eligibility restrictions on the locations, for example, government funded entity, registration restrictions. HPOS provides a secure and convenient online service for health professionals to streamline interactions with Medicare.

HPOS allows eligible non-restricted health professionals to:

- apply for a subsequent location provider number
- close and re-open provider locations
- update address and contact details
- update banking details.

To access your records through HPOS, you will need a Provider Digital Access (PRODA) account. To register for a PRODA account and find out more about what your health profession can do in HPOS, go to servicesaustralia.gov.au/hpos

Recognition

If recognition is required for access to Medicare as a general practitioner, specialist or consultant physician, you must also complete one of the following:

Application for Vocational Registration of General Practitioner (HW060)

Application for recognition as a General Practitioner – Fellows of the Royal Australian College of General Practitioners (HW075)

Application for recognition as a General Practitioner – Fellow of the Australian College of Rural and Remote Medicine (HW076)

Application for recognition as a Specialist or Consultant Physician (HW077)

Forms are available at servicesaustralia.gov.au/hpforms

Access to Medicare

You must apply for a unique provider number for each place of practice and profession you practise in.

Provider numbers are allocated to enable eligible health professionals to:

- provide services listed under the Medicare Benefits Schedule (MBS)
- refer to relevant specialists and/or consultant physicians, where eligible
- request certain imaging and pathology services, where eligible.

The provider number identifies the location from which a service is provided. If you are no longer working at a location, you must close the provider number.

Claiming a Medicare benefit

Medicare services claimed must be performed when working in a private capacity except where the health professional is employed by, or under contract to, a facility that has been granted an exemption under subsection 19(2) and/or 19(5) of the *Health Insurance Act 1973*.

Medicare services must be provided by a private practitioner to privately billed patients. This means a health professional cannot provide Medicare services as an employee of a public hospital or other government funded entity.

Use of residential addresses

Careful consideration should be given to using a residential or other private address. Provider number location address may be publicly available, for example:

- viewable in patient claims history in myGov
- included on written referrals
- available to private health funds.

For more information

Go to **servicesaustralia.gov.au/healthprofessionals** or call **132 150** Monday to Friday, 8:30 am to 5 pm, Australian Eastern Standard Time.

Note: Call charges may apply.

Filling in this form

- Use black or blue pen.
- Print in BLOCK LETTERS.
- Where you see a box like this ____ Go to 1 skip to the question number shown. You do not need to answer the questions in between.

Note: An application will be returned if information is missing and/or not signed. Digital or electronic signatures are not acceptable.

Have you considered applying through HPOS?
